Chairman’s Message

A global new leader to energize the world. This is what defines us. KMARIN is a ship owning and managing company that transports energy across the ocean. With highly skilled labor force and technical expertise within the company, we have been making great progress towards building a new platform for energy transportation.

With the ability to develop and manage new projects, we have been striving to excel in business and management. KMARIN is the pathfinder of a unique ship investment model and have been the leader of the ship owning industry after the global financial crisis in 2008.

To provide the best quality products and services to our partners, we have partnered with blue-chip customers. As a solid tonnage provider, we supply a wide range of vessels. Our total fleet consists of a profitable range of vessels. Furthermore, we have chartered out our fleet to the international operators and cargo players under a flexible, tailor-made structure. Financially, we have achieved strong earnings from our fleet and maintain a solid asset strategies.

We remain committed to satisfying the world's demand and maintaining the trust of our partners. KMARIN is a trusted company for its operational excellence. We are now ready to take a step further towards becoming a leader of the ship owning industry and a global transporter of natural resources.

Board Chairman of KMARIN Group
Jun Kyoung Justin HONG

Ship Owning

KMARIN | Shipping & Offshore

A global new leader to energize the world. KMARIN is specialized in investing in, leasing, owning and managing diverse types of vessels that transport a variety of cargoes including LNG and other energy resources across the oceans.

With our highly skilled labor force and technical expertise, we have been making a great progress towards building a new platform for energy transportation.

To provide the best quality products and services to our partners, we have partnered with blue-chip customers. As a solid tonnage provider, we supply a wide range of vessels across a substantial fleet, chartered out to international operators and major cargo players under a flexible structure. Backed by strong financial fundamentals, we continue to grow as a trusted and reliable partner in the global shipping industry.

We remain committed to satisfying the world's demand and maintaining the trust of our partners through our operational excellence. We are now in the process of making a quantum leap towards becoming a world leader of the ship investing, owning, leasing industry and a global transporter of natural resources.

Operation and
Management

- Maritime Project Platform
- Acquisition of vessels
- Commercial operation

Safety Management & Technical Engineering

Aviation Leasing

KALC | Aviation Leasing Platform

Founded in Ireland, KALC is a company specializing in aircraft and engine leasing. KALC launched with five narrowbody aircraft and operates core businesses in the investment and leasing of narrowbody passenger aircraft, widebody cargo aircraft, and engines.

Headquartered in Ireland, KALC is a comprehensive leasing firm equipped with an investment platform to enter the Korean capital market. KALC provides comprehensive technical and asset management services necessary for aircraft leasing.

KALC's business history demonstrates strategic growth and market adaptability. Building on a solid foundation from its early business days, the company established partnerships with major airlines and acquired a fleet of five narrow-body aircraft. Even amidst the pandemic, the company strategically responded to market conditions and successfully sold three of its aircraft.

| Historical achievement

2016	Start of business
2019	Acquisition & Financing; 5 Narrowbody
2020-2022	Overcoming the COVID-19 pandemic
2024	- Establishment of Technology Organization in KMTEC - Sold 3 Aircraft
2025	Remarketing Capability; Re-leased 2 returned aircraft

KMTC | Tank Container Leasing

With a committed and skilled team, we offers chartering and cargo services to Shippers, Ship-owners, Investors, Brokers, and various partners. Leveraging KMARIN's fleet and KOSCO's ship management capabilities, we effectively bridges the gap between shippers and charterers, particularly within the European region.

We have owned ISO Tank containers, totaling 3,000 units, and has initiated a leasing service catering to clients worldwide. These KOL ISO Tank containers are specifically designed for the import and export of fluid chemical products. They are distributed globally, with a strong focus on regions such as South Korea, the U.S.A, China, Japan, and South America.

Main Business		
ISO Tank container leasing & operation	DG shipment export & import service	Logistics Equipment Leasing & Operation
Category	Item	Details
Logistics Assets	Tractors	70 units
	Trailers	125 units
	Logistics Warehouses	4 facilities
	Container Yards (CY)	4 facilities
	Reach Stackers	4 units
	Containers	10,000+ units
	ISO Tank Containers	3,000 units

Transport Investment & Finance

KOTAM | Transport Infrastructure Investment & Finance

KOTAM was established in December 2015. The key business portfolio consists of alternative investments of assets such as infrastructure, real estate, maritime, aviation and other tangible assets for global blue-chip companies. Based on the latest quantitative investment strategies and solid investment experiences, we will further generate alpha in the alternative investment industry.

KOTAM provides a unique financial investment model, with solid operation and risk management to satisfy our customers, bridging the manufacturing, shipping, logistics industries and global capital markets.
